

WHAT IS Parent Mentoring????

We will ask every family to partner in one of their children's classrooms on Saturday or Sunday for one month. The month will be decided by the family and will accommodate family schedule and demands. Each Parent Team will be allowed to select this month of partnering and we will honor these requests on a first come, first serve basis. We are asking that both parents participate (where applicable). The only requirement, above the month of partnering will be to attend a planning meeting (MPDF) the month prior to prepare you for your partnering

Our prayer is that this plan will do the following:

1. Give you a sound Christian Education plan to do at home with your children. Learning how to teach the Bible to children takes some understanding. Our team works hard to understand this and to do it with excellence. After a month of working with the team, you will have a clear view of reproducing this model in your home as you lie down, rise up, walk by the way (ala. Deuteronomy 6).
2. By serving in the classroom, you will become acquainted with your child's peers and meet a number of their parents, building your community here at BranchCreek.
3. By serving in the classroom, you will communicate in a powerful way to your child that you are committed to their church, their spiritual growth, and their peers.
4. By serving in the classroom, you will become intimately acquainted with the volunteer team that is committed to weekly touch your child's life through love, teaching, sharing, and ministering side by side.
5. By serving in the classroom, you will experience first-hand what our plan is for your child.

We pray the **Parent Mentoring Program** will instill a sound Christian Education plan for your family at home. With the help of The Fort Take it Home page our team works hard to partner with you for your child's Christian Education. After a month of mentoring (the weeks need not be consecutive), you will learn to teach the Bible in your home as you lie down, rise up, and walk by the way (***ala. Deuteronomy 6 in the Bible***). Through mentoring, you will meet with your child's peers and parents, building community at BranchCreek. Help us share His love as you learn to teach the Bible in your home.
